2018 XSB January Storms

National Weather Service Los Angeles/Oxnard CA

Forecast is based on incident time of 0800 PST on January 12.

.DISCUSSION...Mainly light north to northeast winds will continue over the Warren Incident area through early Saturday, with gusts up to 20 mph over the ridges. A warming and drying trend is expected through this time. Afternoon highs will rise from the upper 60s to near 70 Friday into the mid 70's Saturday. Overnight humidity recoveries will remain high with afternoon humidities lowering through the period. The warming and drying trend will continue through Sunday, with mainly light offshore flow each night.

.FRIDAY...

Sky/weather.....Sunny.
Chance of pcpn.....0 percent.
Max temperature.....68-70.
Min humidity.....50-60 percent.
Surface winds.....North to northeast 6 to 12 mph in the morning, with gusts to 20 mph over the ridges. Wind becoming south to southwest 5 to 10 mph in the afternoon.

.FRIDAY NIGHT...

Sky/weather.....Mostly clear.
Chance of pcpn.....0 percent.
Min temperature.....Around 49.
Max humidity.....85-90 percent.
Surface winds.....West winds 5 to 10 mph becoming north to northeast 6 to 12 mph with local gusts to 20 mph overnight.

.SATURDAY...

Sky/weather.....Sunny.
Chance of pcpn.....0 percent.
Max temperature.....74-77.
Min humidity.....30-40 percent.
Surface winds.....Northeast winds 6 to 12 mph early in the morning becoming variable 3 to 8 mph by late morning through the afternoon.

CAL FIRE INCIDENT MANAGEMENT TEAM 3

1. INCIDENT NAME:	2. DATE PREPARED:	3. TIME PREPARED:
2018 XSB January Storms	1/11/2018	1800
4. PREPARED BY:	5. LEADER NAME:	6. OPERATIONAL PERIOD:
David Brockman SOF1 (T)	David Sargenti SOF1	1/12/2018 0700 TO 1/13/2018 0700

SAFETY MESSAGE

Drive defensively watch for debris in the roadways!

- Trees are weakened and compromised. Trees may fall with no warning.
- Remain mindful of what is going on around you and adapt as required.
- Multiple operations are occurring on the incident. Communicate accordingly.
- Treat ALL power lines as if energized. Beware of natural gas line hazards.
- Understand the plan for the day and your role in that plan.
- Use caution when working around burned or damaged structures numerous hazards still exist.
- Assure all crew gets a briefing from their supervisors.

Stay hydrated!!!
Time to think =
time to drink.

Scout areas prior to engaging crews for work assignments. Reports of hidden hazards such as swimming pools, bridges, and utility hazards. These items may have been covered with mud and debris.

CAL FIRE INCIDENT MANAGEMENT TEAM 3 SOF1 David Sargenti

David Sargenti

INCIDENT RISK ANALYSIS ICS 215A

BRANCH	HAZARDOUS ACTIONS/ CONDITIONS	MITIGATIONS/WARNINGS/REMEDIES
ALL	DRIVING HAZARDS	<ul style="list-style-type: none">• Be alert for potential muddy and slick road surfaces.• Evaluate bridges for structural compromises.• Maintain appropriate speed for the current road conditions.
ALL	HAZARDOUS STRUCTURE	<ul style="list-style-type: none">• Follow Structure Size Up (IRPG p.13).• Be aware of propane tank and natural gas hazards.• Scout areas prior to committing resources to work assignments.• Void spaces (pools and wells) may be hidden by mud and debris.
ALL	HAZARDOUS TREES	<ul style="list-style-type: none">• Follow Hazard Tree Safety Guidelines (IRPG p. 22).• Many of the trees within the inundation zone and along roadway may be compromised.
ALL	FATIGUE	<ul style="list-style-type: none">• Monitor incoming and outgoing resources for level of fatigue.• Provide sufficient rest during the work cycle.
ALL	HEAVY EQUIPMENT	<ul style="list-style-type: none">• Review Working with Heavy Equipment (IRPG p.80)• Stay at least 100 feet in front and 50 feet behind the equipment.
ALL	TRAFFIC HAZARDS	<ul style="list-style-type: none">• Watch for utility vehicles in your areas.• Keep apprised of road closures in the area.
ALL	PERSONNEL SAFETY/HYGIENE	<ul style="list-style-type: none">• All personnel are responsible for their personal safety.• Be sure to wear all required PPE while on assignment.• Wash hand prior to eating and after using the facilities.• Decontaminate personnel protective equipment after your shift.
ALL	POWER LINES/UTILITIES	<ul style="list-style-type: none">• Follow Power Line safety guidelines (IRPG pg.24)• Treat all downed power lines as energized.• Identify and avoid natural gas lines.• Be aware of damaged gas services near structures.
ALL	HYDRATION	<ul style="list-style-type: none">• Drink water before, during and after each shift.• Be alert for signs of heat stress in yourself and others.
ALL	COMMUNICATIONS	<ul style="list-style-type: none">• Check the communication plan for frequency assignments.• Use human repeaters as needed.
ALL	BRIEFINGS	<ul style="list-style-type: none">• Make sure everyone gets a briefing on the plan for the day.• Document this on your ICS 214.
ALL	LCES	<ul style="list-style-type: none">• Ensure that LCES is being utilized.
ALL	AIRCRAFT AWARENESS	<ul style="list-style-type: none">• Be aware of rotor wash when working near helicopters.• Understand that hazard trees may react to helicopters overhead.• Monitor assigned aircraft frequencies.
ALL	DEBRIS FLOWS	<ul style="list-style-type: none">• Work within your current training and qualifications.• Watch for shifting material.
ALL	NIGHT OPERATIONS	<ul style="list-style-type: none">• Do not get complacent.• Pace yourself and your crew for the work assignment.• Watch your footing, be cautious of slips, trips and falls.

TRAINING MESSAGE

Make Your Training Count

The Incident Training Specialist is located behind the Check-In table; hours of operation are 0630 to 2000 hours. **If you are a trainee or have a trainee working with you please stop by to register your training assignment.** It is very important that you register early!

Focus on:
 What training task have you experienced during your assignment
 How can you take advantage of opportunities during the remainder of your assignment?
 -Document in the taskbook promptly while it's fresh in your mind.

If you have any questions please call us:

Matt Seybert TNSP (T) 714-875-4040

In readiness is all

PUBLIC INFORMATION SECTION

Incident Type: Winter Storm	Cause: Heavy Winter Rain
Incident Location: Montecito	Total Personnel:
Area: 30 Square Miles	Containment: N/A

Update

MEDIA – The California State Penal Code Section 409.5(d) allows the news media to enter scenes of disaster, riot or civil disturbance. Properly identified members of the news media should not be restricted from entering locations specified within the code. However, this does not include crime scenes, private property and does not imply that the news media may interfere with incident operations while they are in the areas of concern. More information can be found [here](#).

409.5

CAL FIRE SOCIAL MEDIA POLICY – When assigned to a CAL FIRE incident, you will adhere to the CAL FIRE Social Media Policy, Section 0691. You can find further information about the CAL FIRE Social Media Policy [here](#).

Social Media

PHOTOGRAPHS AND VIDEOS OF INCIDENT – We are in a new era of media. Media no longer means news/broadcast industry, but now refers to anyone that has the capability to shoot video, photographs and post them onto social media sites in a matter of minutes. Unfortunately, we have seen some instances of photographs or videos that have depicted unsafe, unprofessional or embarrassing circumstances which are a serious breach of ethics. When this happens, it reflects poorly on all that are attached to this incident. Posting an inappropriate video, photo or blog comment could expose oneself to unwanted ramifications. It may be unsafe to shoot photos or video and a firefighter who is concentrating on a camera loses their situational awareness.

The Public Information Office would like copies of the video and pictures that you safely took while not in an emergency situation, fire suppression activity or in an overhead assignment. Bring your video and pictures to the Public Information trailer; they will be reviewed and possibly uploaded to our many CAL FIRE social media sites. Remember, we don't want photographs or videos that depict unsafe, unprofessional or embarrassing circumstances, which are a serious breach of ethics.

LOST AND FOUND – The Information Section will manage lost and found items for the incident. If you have lost an item please leave your contact information and what you have lost at the Information Section. If you have found an item on the incident, bring the item to the Information Section with your contact information as well.

MAIL SERVICE – The Information Section can assist you with sending and receiving mail.

In readiness is all

FINANCE SECTION MESSAGE

The OES rep is available for any questions regarding F-42's and local government time keeping.

Please make sure hired equipment shift tickets are completed for all private vendors and dropped off in the Time Unit by agency personnel / line supervisors only.

Please report all injuries and suppression damage to the Comp / Claims Unit, no matter how minor.

Absolutely no off site feeding or purchases charged to the incident. They must be pre-approved by the Logistics Section and/or Finance Section Chief.

ROGER RAINES, FSC1, IMT3

INCIDENT MANAGEMENT TEAM 3 Finance Section

In readiness is all

Peer Support

We are all experiencing a devastating crisis.

Local state and federal cooperators.

We are many agencies: Law Enforcement, Fire, EMS, Private Contractors, and Military.

There are many kinds of trauma, grief and losses present. We are all human and these things can have impact on all of us, no matter who you are or what your background. These include:

- Some of us live here, and may know somebody that has suffered a loss.
- The effects from this current incident as well as recent incidents.
- Dealing with multiple evacuations and rescues in high intensity environments.
- The large magnitude and destruction of residences, commercial buildings, critical infrastructure and community landmarks.
- Extensive media presence.
- Dealing with fatalities and ongoing search for missing persons.
- Repopulation and the anguish we witness from the community.
- Providing emotional support for the community and each other.
- The time spent away from our families.

All of these stressors and more can pile up. The cumulative effect of these stressors, along with the stresses of normal daily life can feel overwhelming.

We all need to stick together, take care of ourselves and each other. Talking about your experiences with a Peer is a great way to lessen the impact.

We know how to watch out for each other on the fire line for our physical safety. The same is necessary for our emotional and psychological safety.

Come by the Peer Support Tent, we are on the grass adjacent to the briefing area.

Critical Incident Stress Management (CISM)

Information Sheet

Stress is a normal part of every significant job. At different times during your career with the Department, your level of stress may reach a significant or critical point. An acute stress reaction is frequently related to a specific unusual event (death of a co-worker, multi-casualty incident, severe dismemberment or disfigurement of a victim, death of a child, personally knowing or relating to the victim, etc.) A delayed reaction may happen days, weeks, and/or years after an event. This typically occurs after you are re-exposed or "triggered" by a similar sight, sound, smell, taste, touch, or situation. Cumulative stress is the buildup of stress over time and/or when you are experiencing significant amounts of stress simultaneously in your life. This buildup may eventually reach a critical mass resulting in a stress reaction.

A stress reaction is an important signal - it is your body's way of coping with the temporary state of being overwhelmed by a situation. The duration of symptoms (hours, days, weeks or months) depends on your personal circumstance. However, once properly addressed, most acute stress reaction will significantly lessen within 24-72 hours and a thoughtful combination of stress management strategies will lessen the impact of most situations.

Some common signs and symptoms of a stress reaction are:

<u>Physical</u>	<u>Cognitive</u>	<u>Emotional</u>	<u>Behavioral</u>
<ul style="list-style-type: none">• Rapid Heart Rate• Elevated BP• Increased Respirations• Profuse Sweating• Nausea• Dizziness• Muscle Tremors• Twitches• Head Aches• Thirst• Chills• Fatigue• Muscle Weakness• Grinding of teeth• Fainting• *Chest Pain• *Difficulty Breathing• *Shock Symptoms	<ul style="list-style-type: none">• Poor and/or impaired<ul style="list-style-type: none">◦ Concentration◦ Problem Solving◦ Attention◦ Decision Making◦ Abstract Thinking• Memory Problems• Confusion• Heightened Awareness• Heightened &/or Lowered Awareness• Difficulty identifying familiar objects or people.• Loss or time, place, or person orientation.• Disturbed Thinking• Morbid Thinking• Nightmares• Intrusive Images, Ect.	<ul style="list-style-type: none">• Shocked, Numb• Indifference/cut off• Denial• Feeling overwhelmed• "Inappropriate" emotional response• Indecisiveness• Loss of Control• Intense anger/rage• Blame (self &or other)• Guilt• Hate• Irritability• Agitation• Anxiety• Apprehensive• Fear• Grief• Extreme Sadness• Depression	<ul style="list-style-type: none">• Increased and/or Decreased:<ul style="list-style-type: none">◦ Appetite◦ Sleep◦ Sex Drive◦ Drug/Alcohol cravings◦ Energy Level• Change in activity• Change in speech• Change in usual communications• Emotional outburst• Withdrawal• Crying• Non-specific bodily complaints• Somatization• Internalization• Intensified startle reflex• Hyper alert to environment• Inability to rest• Pacing
